

## Health Monitoring Report Based on FELASA Recommendations

Envigo RMS B.V.  
Kreuzelweg 53, Reg. no. TVWA/  
09/11452  
5961 NM Horst  
Netherlands

| Area                              | Species            |
|-----------------------------------|--------------------|
| Bar 3 ISO C.B-17 Scid -<br>208417 | Mouse              |
| Submission Date                   | Report Date        |
| September 03, 2025                | September 08, 2025 |

### Mouse Strains Held

#### Mutant Mice

C.B-17/lcrHan®Hsd-Prkdc<sup>scid</sup>

#### Sentinel (Outbred) Mice

Hsd:NIHBS

Han® is a trademark of Envigo, Inc., Indianapolis, Indiana, USA.

### Summary of Findings

No significant findings. Serological testing for antibodies to pathogenic agents in scid mice is not appropriate because of a lack of a fully functioning immune system in these mice. Consequently, the serology results for the scid mice held in these Isolators are obtained using sentinel animals.

Report Reference: 20252730 Report Printed September 08, 2025

Data are expressed as number positive/number tested. \*Cumulative data up to 18 months.

All testing is performed by Inotiv RMS Italy using standard operating procedures.

Results are controlled through a secure LIMS and released on the approval of the Laboratory Services Manager.
